This exploded view diagram illustrates the assembly of a vacuum cleaner motor. The components are labeled as follows:

- 3-1**: The main motor housing, shown as a large, curved, U-shaped structure.
- 3-2**: A rectangular motor housing component with internal structural details.
- 3-3**: A long, thin cylindrical component, likely a shaft or pin.
- 3-4**: A small, cylindrical component, possibly a bush or spacer.
- 3-5**: A small, circular component, likely a washer or gasket.
- 3-6**: A small, circular component, likely a washer or gasket.
- 3-7**: A small, cylindrical component, possibly a bush or spacer.
- 3-8**: A small, cylindrical component, possibly a bush or spacer.
- 3-9**: A small, cylindrical component, possibly a bush or spacer.

This diagram shows the exploded view of the M1000i robot arm assembly. The components are labeled with circled numbers and arrows pointing to their respective locations on the assembly:

- 1-1**: Base plate with a handle and a connector.
- 1-2**: A bracket or support arm.
- 1-3**: A small pin or screw.
- 1-4**: A larger bracket or support arm.
- 1-5**: A curved arm or handle.
- 1-6**: A bracket or support arm.
- 1-7**: A small pin or screw.
- 1-8**: A bracket or support arm.
- 1-9**: A rectangular component, possibly a sensor or camera, with a lens.

SPARE PARTS

This diagram illustrates the exploded view of a chainsaw head assembly. The components are labeled with circled numbers and leader lines:

- 1-6-1**: Points to the main body of the head, which features a large, circular, ribbed air filter on the left side.
- 1-6-2**: Points to the air filter cover, a circular plate that fits over the air filter.
- 1-6-3**: Points to a small pin or screw used to secure the air filter cover.
- 1-6-4**: Points to a small bush or spacer located between the air filter cover and the main body.
- 1-6-5**: Points to a small nut or washer that fits onto the end of the main body.
- 1-6-6**: Points to the guide bar, a long, flat metal bar with a U-shaped handle at the end.
- 1-6-7**: Points to the chain, a metal link with a series of cutting teeth along its length.

SPARE PARTS

This diagram illustrates the assembly of a cable assembly. It features a central cable with a multi-pin connector at one end and a rectangular housing at the other. The housing is shown in an exploded view, with various components labeled with callouts:

- 13-1**: Points to the main rectangular housing.
- 13-2**: Points to a small, angled bracket or support piece.
- 13-3**: Points to a larger, angled bracket or support piece.
- 13-4**: Points to a small, angled bracket or support piece.
- 13-5**: Points to a small, angled bracket or support piece.

Small circles with numbers (1, 2, 3, 4, 5) are also present, likely indicating specific screws or fasteners used in the assembly.

This diagram illustrates the assembly of the sensor unit. It shows the following components and their assembly sequence:

- 13-1**: The main sensor housing, which is connected to a cable with a multi-pin connector.
- 13-2**: A mounting bracket that is attached to the top of the sensor housing (13-1).
- 13-3**: A second mounting bracket that is attached to the bottom of the sensor housing (13-1).
- 13-4**: A mounting bracket that is attached to the side of the sensor housing (13-1).
- 13-5**: A mounting bracket that is attached to the side of the sensor housing (13-1).

The diagram also shows several screws (indicated by small circles) used to secure the mounting brackets (13-2, 13-3, 13-4, and 13-5) to the sensor housing (13-1).

This diagram illustrates the exploded view of the seat assembly, showing the following components and their assembly sequence:

- 2-3-1**: The main seat frame, which includes a curved base and a backrest.
- 2-3-2**: A long, thin metal rod that fits into the base of the seat frame.
- 2-3-3**: A small metal bracket or connector that fits onto the rod (2-3-2).
- 2-3-4**: A long, thin metal rod that fits into the backrest of the seat frame.
- 2-3-5**: A small metal bracket or connector that fits onto the rod (2-3-4).
- 2-3-6**: A small metal bracket or connector that fits onto the backrest of the seat frame.

BUZZRACER 2

This diagram shows the rear wheel assembly in an exploded view. The components are labeled as follows:

- 2-11-1**: Rear wheel rim with spokes.
- 2-11-2**: Rear wheel hub.
- 2-11-3**: Axle pin.
- 2-11-4**: Axle bush.
- 2-11-5**: Axle nut.
- 2-11-6**: Rear wheel axle.
- 2-11-7**: Rear wheel fender.

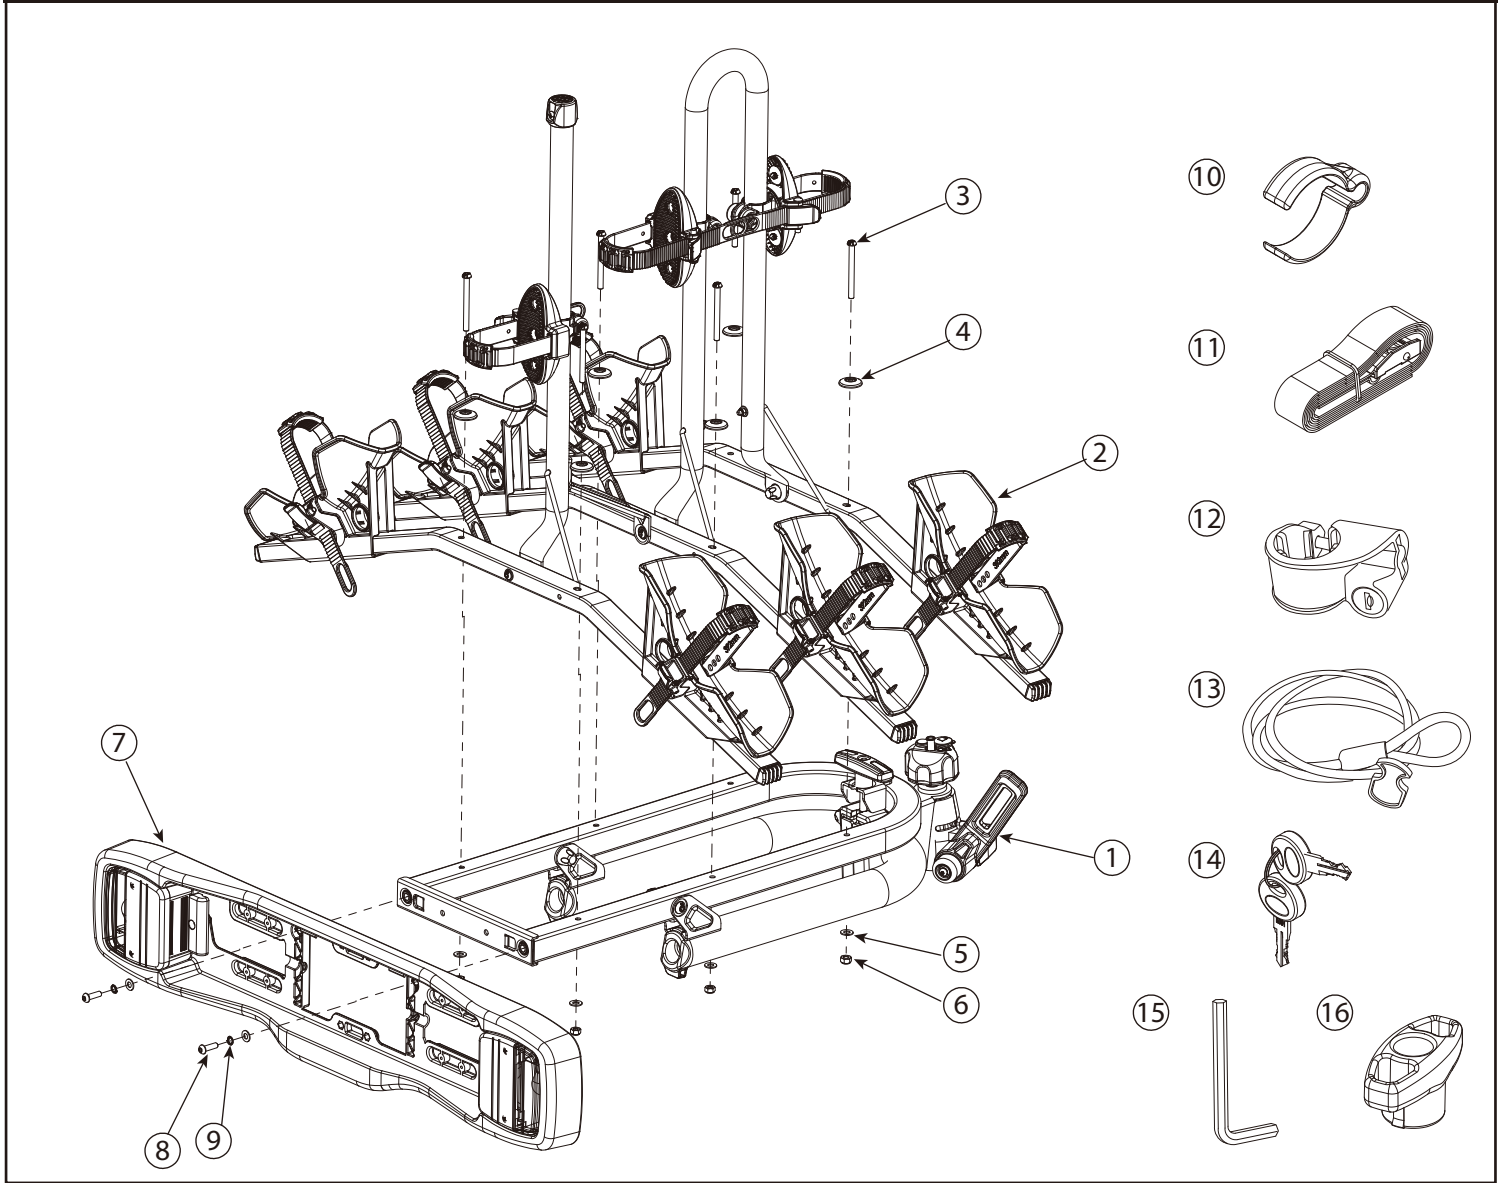

BUZZRACER 2

This diagram illustrates the assembly of the rear light unit. The components are labeled as follows:

- 7-1**: Points to the rear light housing.
- 7-2**: Points to the rear light lens.
- 7-3**: Points to the rear light mounting bracket.
- 7-4**: Points to the rear light mounting plate.
- 7-5**: Points to the rear light connector cable.

This diagram illustrates the exploded view of the seat assembly. The components are labeled as follows:

- 2-3-1**: The main seat base or frame.
- 2-3-2**: A long, thin support rod or pin.
- 2-3-3**: A bracket or connector plate.
- 2-3-4**: A long, angled support arm or bracket.
- 2-3-5**: A rectangular component, possibly a filter or a panel, attached to the angled arm.
- 2-3-6**: A circular fastener or cap.

The diagram shows how these parts are assembled together to form the complete seat structure.

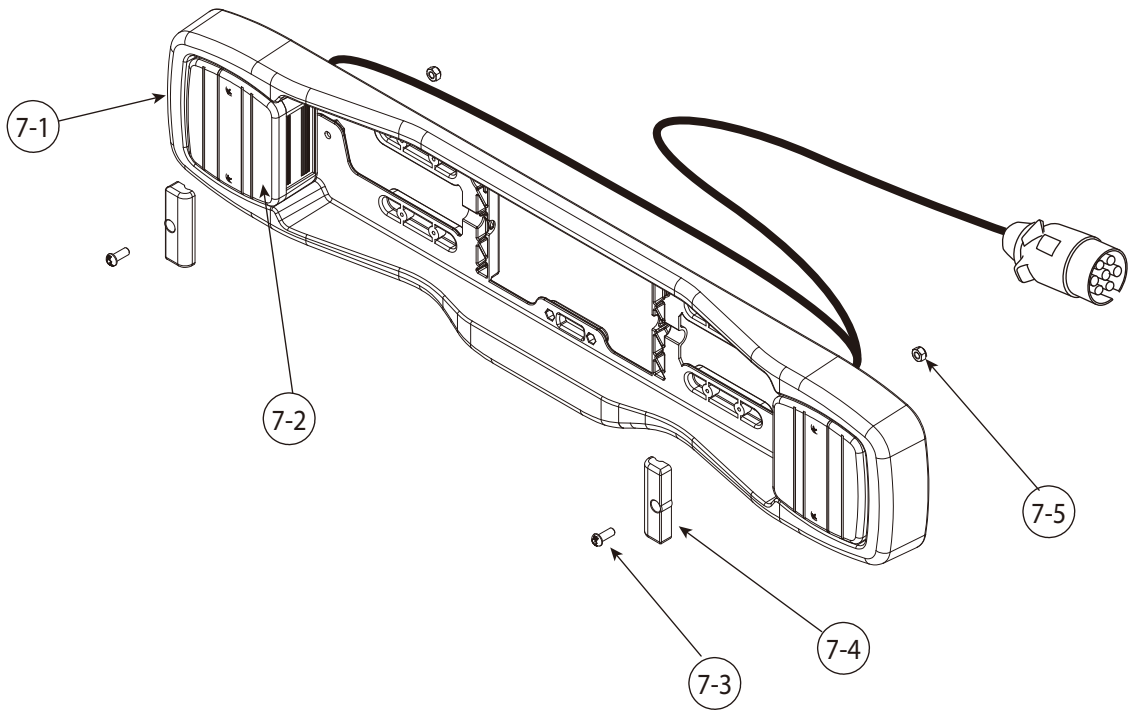

BUZZRACER 3

This diagram shows the rear light assembly in an exploded view. The components are labeled as follows:

- 2-13-1**: The main rear light housing with a ribbed lens.
- 2-13-2**: The mounting bracket for the light housing.
- 2-13-3**: A small cylindrical pin or spacer.
- 2-13-4**: A small circular washer or spacer.
- 2-13-5**: A small circular washer or spacer.
- 2-13-6**: The rear light bar with a series of LED chips.
- 2-13-7**: The mounting bracket for the light bar.

This diagram illustrates the exploded view of the seat assembly. The components are labeled as follows:

- 2-3-1**: Points to the main seat frame.
- 2-3-2**: Points to a long, thin cylindrical component, likely a pin or bolt.
- 2-3-3**: Points to a small, rectangular component, possibly a bracket or connector.
- 2-3-4**: Points to the long, angled backrest of the seat.
- 2-3-5**: Points to a rectangular, ribbed component, likely a cushion or padding.
- 2-3-6**: Points to a small, circular component, possibly a bolt head or washer.

BUZZRACER 4

This diagram shows the rear wheel assembly in an exploded view. The components are labeled as follows:

- 2-11-1**: Rear wheel rim with spokes.
- 2-11-2**: Rear wheel hub.
- 2-11-3**: Axle pin.
- 2-11-4**: Axle bush.
- 2-11-5**: Axle nut.
- 2-11-6**: Rear wheel axle.
- 2-11-7**: Rear wheel fender.

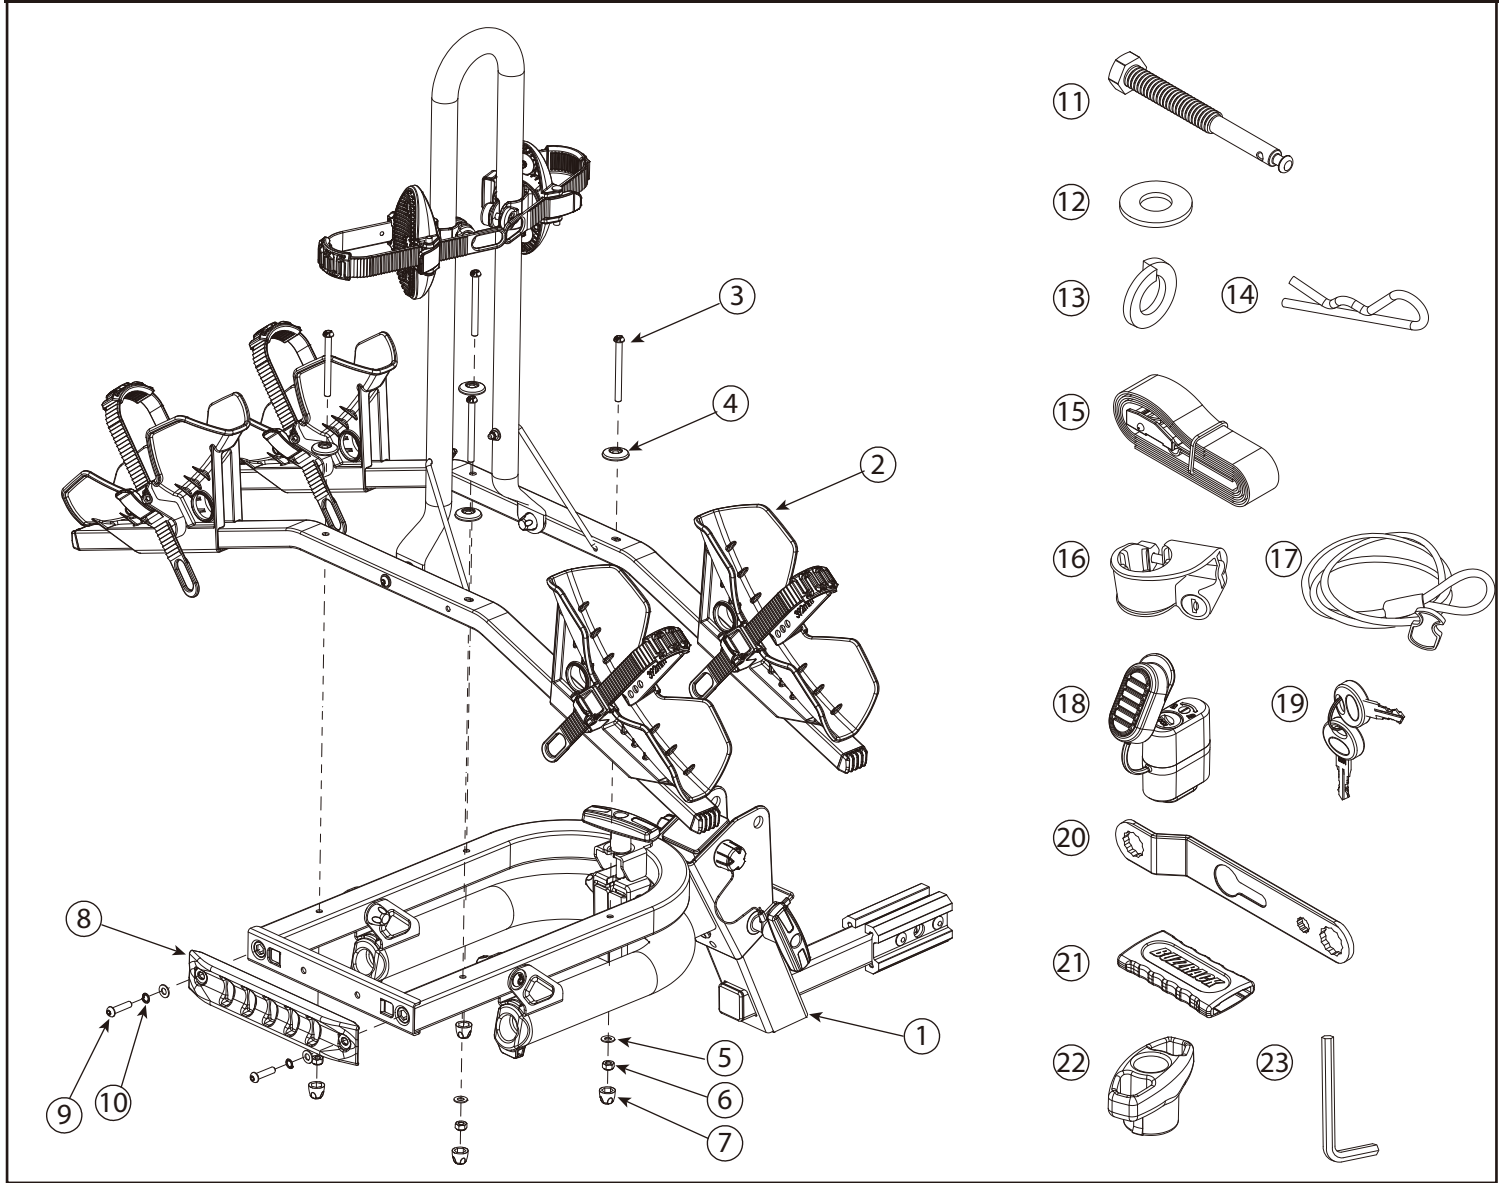

[illegible]

This diagram illustrates the assembly of the rear light unit. The components are labeled as follows:

- 7-1**: Points to the rear light housing.
- 7-2**: Points to the rear light lens.
- 7-3**: Points to the rear light mounting bracket.
- 7-4**: Points to the rear light mounting plate.
- 7-5**: Points to the rear light connector cable.

This diagram illustrates the exploded view of the seat assembly. The components are labeled as follows:

- 2-3-1**: The main seat frame or base.
- 2-3-2**: A long, thin rod or pin.
- 2-3-3**: A bracket or connector piece.
- 2-3-4**: A long, thin rod or pin with a loop at one end.
- 2-3-5**: A rectangular component, possibly a filter or a plate, located near the base of the rod 2-3-4.
- 2-3-6**: A small, circular component, possibly a cap or a plug.

The diagram shows the relative positions and assembly relationships between these components, with dashed lines indicating the alignment and fit of the parts.

This diagram shows the rear wheel assembly in an exploded view. The components are labeled as follows:

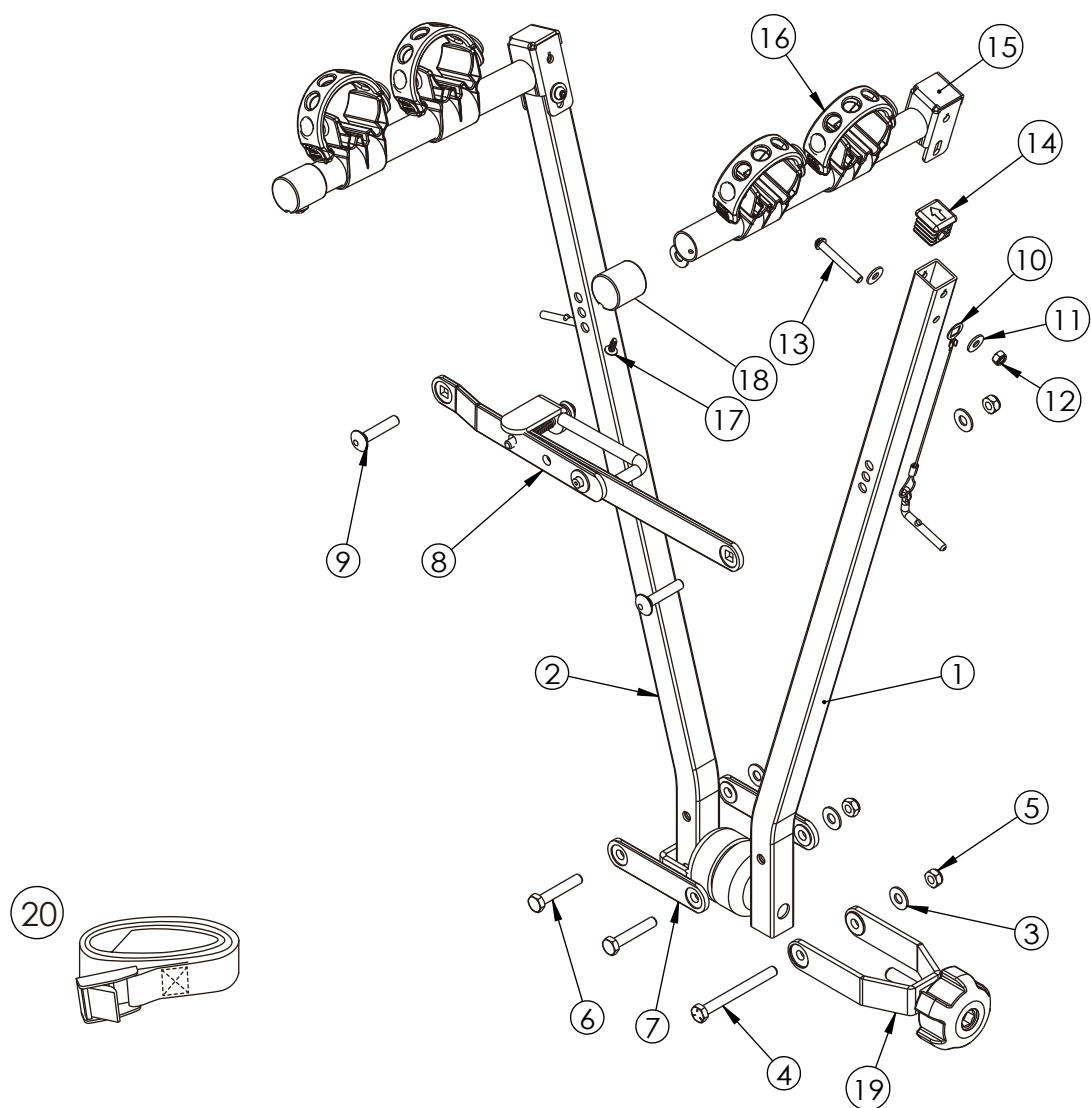

- 2-3-1**: Rear wheel rim with spokes.
- 2-3-2**: Rear wheel hub.
- 2-3-3**: Rear axle.
- 2-3-4**: Rear axle nut.
- 2-3-5**: Rear axle washer.
- 2-3-6**: Rear brake disc.
- 2-3-7**: Rear brake caliper.

This diagram shows an exploded view of a mechanical assembly. It includes three main components labeled with callouts:

- 16-1**: A complex base component with a cylindrical protrusion on the left and a mounting flange on the right.
- 16-2**: A curved, arc-shaped bracket with four circular holes along its length and a mounting flange at one end.
- 16-3**: A small, L-shaped bracket with a circular hole at one end and a mounting flange at the other.

Arrows point from each callout to its corresponding component, indicating their relative positions for assembly.

The image contains two exploded view diagrams of a vehicle's suspension system, likely for a motorcycle or small car. The left diagram shows the front suspension assembly, and the right diagram shows the rear suspension assembly. Both diagrams use numbered callouts to identify specific components and their assembly sequence.

Front Suspension Assembly (Left Diagram):

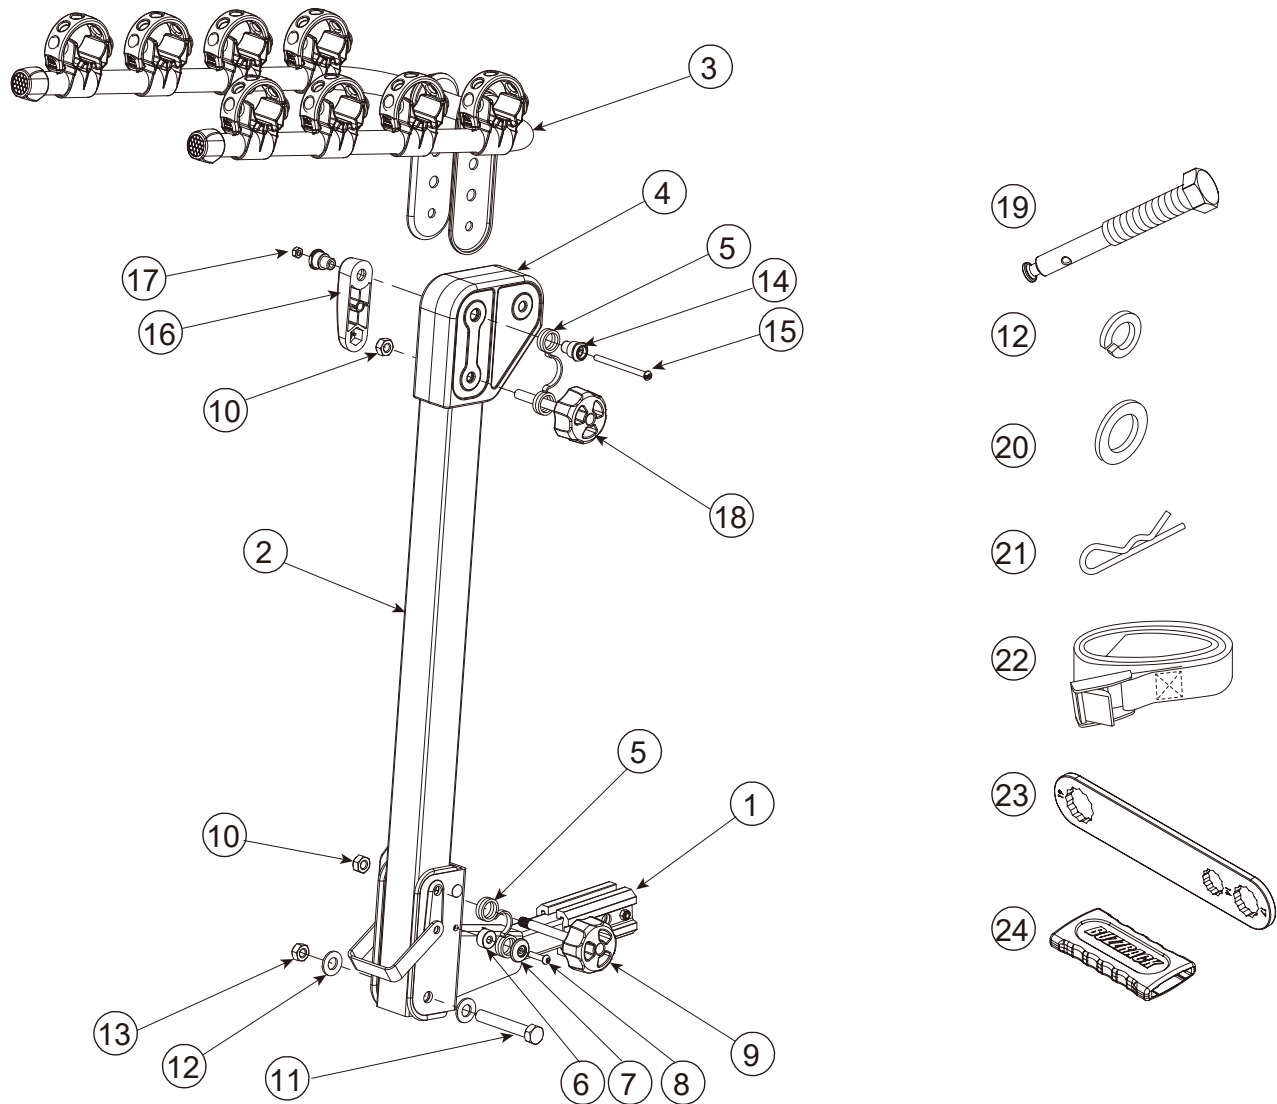

- 3-3-1:** Points to the main front suspension bracket.
- 3-3-2:** Points to the front fork assembly.
- 3-3-3:** Points to the front shock absorber.
- 3-3-4:** Points to the front wheel hub assembly.
- 3-3-5:** Points to a small circular washer or spacer.
- 3-3-6:** Points to a long bolt used for the main bracket.

Rear Suspension Assembly (Right Diagram):

- 3-4-1:** Points to the main rear suspension bracket.
- 3-4-2:** Points to the rear fork assembly.
- 3-4-3:** Points to the rear shock absorber.
- 3-4-4:** Points to the rear wheel hub assembly.
- 3-4-5:** Points to a small circular washer or spacer.
- 3-4-6:** Points to a long bolt used for the main bracket.

SPARE PARTS

The image displays two exploded view diagrams of spare parts, labeled 3-3 and 3-4. Each diagram shows a main bracket-like component with various sub-components labeled with circled numbers and arrows.

Part 3-3 Components:

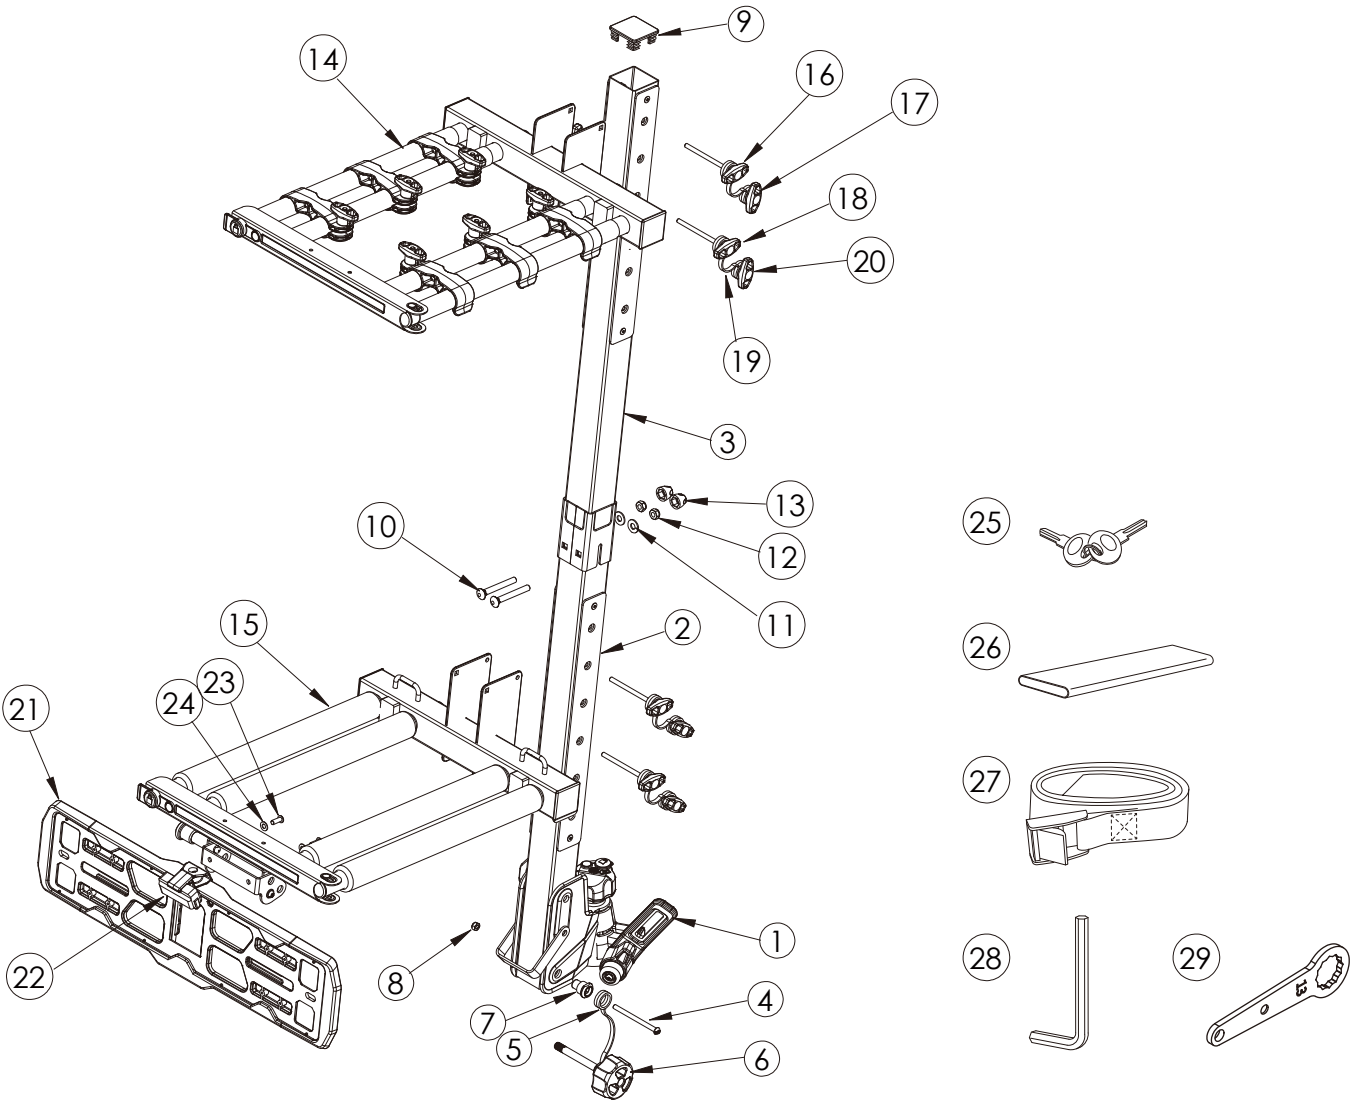

- 3-3-1: Main bracket component.
- 3-3-2: Small curved bracket.
- 3-3-3: Curved metal band with a cylindrical end.
- 3-3-4: Small rectangular component with a notch.
- 3-3-5: Small circular washer or spacer.
- 3-3-6: Small screw or bolt.

Part 3-4 Components:

- 3-4-1: Main bracket component.
- 3-4-2: Small curved bracket.
- 3-4-3: Curved metal band with a cylindrical end.
- 3-4-4: Small rectangular component with a notch.
- 3-4-5: Small circular washer or spacer.
- 3-4-6: Small screw or bolt.

This diagram illustrates the assembly of the handle components. It shows three parts: the main handle (5-1), the trigger (5-2), and the trigger button (5-3). The trigger (5-2) is shown as a curved component with four circular holes. The trigger button (5-3) is a small, rectangular component with a textured surface. The main handle (5-1) is a large, complex component with a central trigger mechanism and two circular buttons on the sides. Arrows indicate the assembly sequence: the trigger button (5-3) is inserted into the trigger (5-2), and the trigger (5-2) is then attached to the main handle (5-1).

This diagram shows the exploded view of a trimmer head assembly. The components are labeled as follows:

- 5-1**: The main trimmer head housing, which is a long, curved plastic piece with a series of vertical slots along its length.
- 5-2**: A small, rectangular plastic piece that fits into the bottom of the housing.
- 5-3**: A larger, rectangular plastic piece that fits into the top of the housing.
- 5-4**: A small, cylindrical plastic pin that fits into the bottom of the housing.
- 5-5**: A small, rectangular plastic piece that fits into the bottom of the housing.
- 5-6**: A small, rectangular plastic piece that fits into the top of the housing.
- 5-7**: A small, rectangular plastic piece that fits into the top of the housing.
- 5-8**: A small, cylindrical plastic pin that fits into the top of the housing.

PILOT S

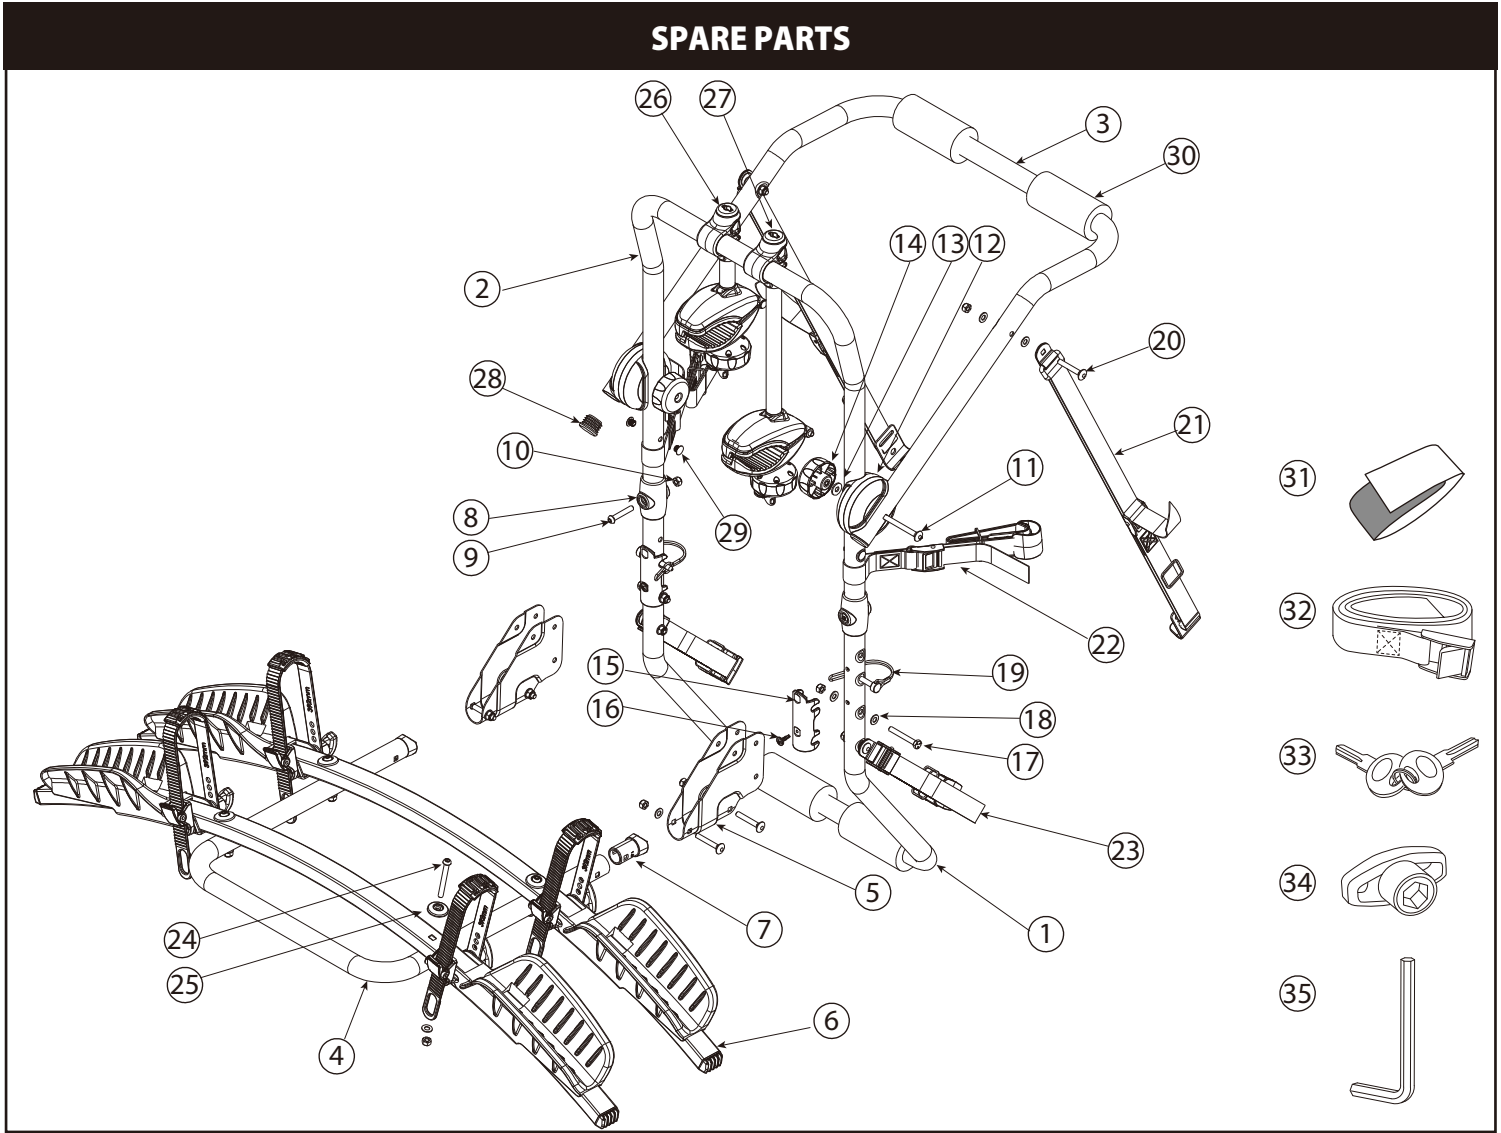

The image contains two exploded view diagrams of bicycle seatpost assemblies, labeled 23 and 24. Each diagram shows the following components in an exploded view:

- 23-1**: A small cap or plug at the top of the seatpost.
- 23-2**: A clamp or bracket that fits around the seatpost.
- 23-3**: A long, thin tube or post.
- 23-4**: A small cap or plug at the bottom of the seatpost.
- 23-5**: A saddle or seat.
- 23-6**: A coiled spring.
- 23-7**: A base or mounting plate.

Diagram 24 shows a similar assembly but with a different clamp and a different tube. The components are labeled as follows:

- 24-1**: A small cap or plug at the top of the seatpost.
- 24-2**: A clamp or bracket that fits around the seatpost.
- 24-3**: A long, thin tube or post.
- 24-4**: A small cap or plug at the bottom of the seatpost.
- 24-5**: A saddle or seat.
- 24-6**: A coiled spring.
- 24-7**: A base or mounting plate.

This diagram shows the exploded view of the trimmer head assembly. The components are labeled as follows:

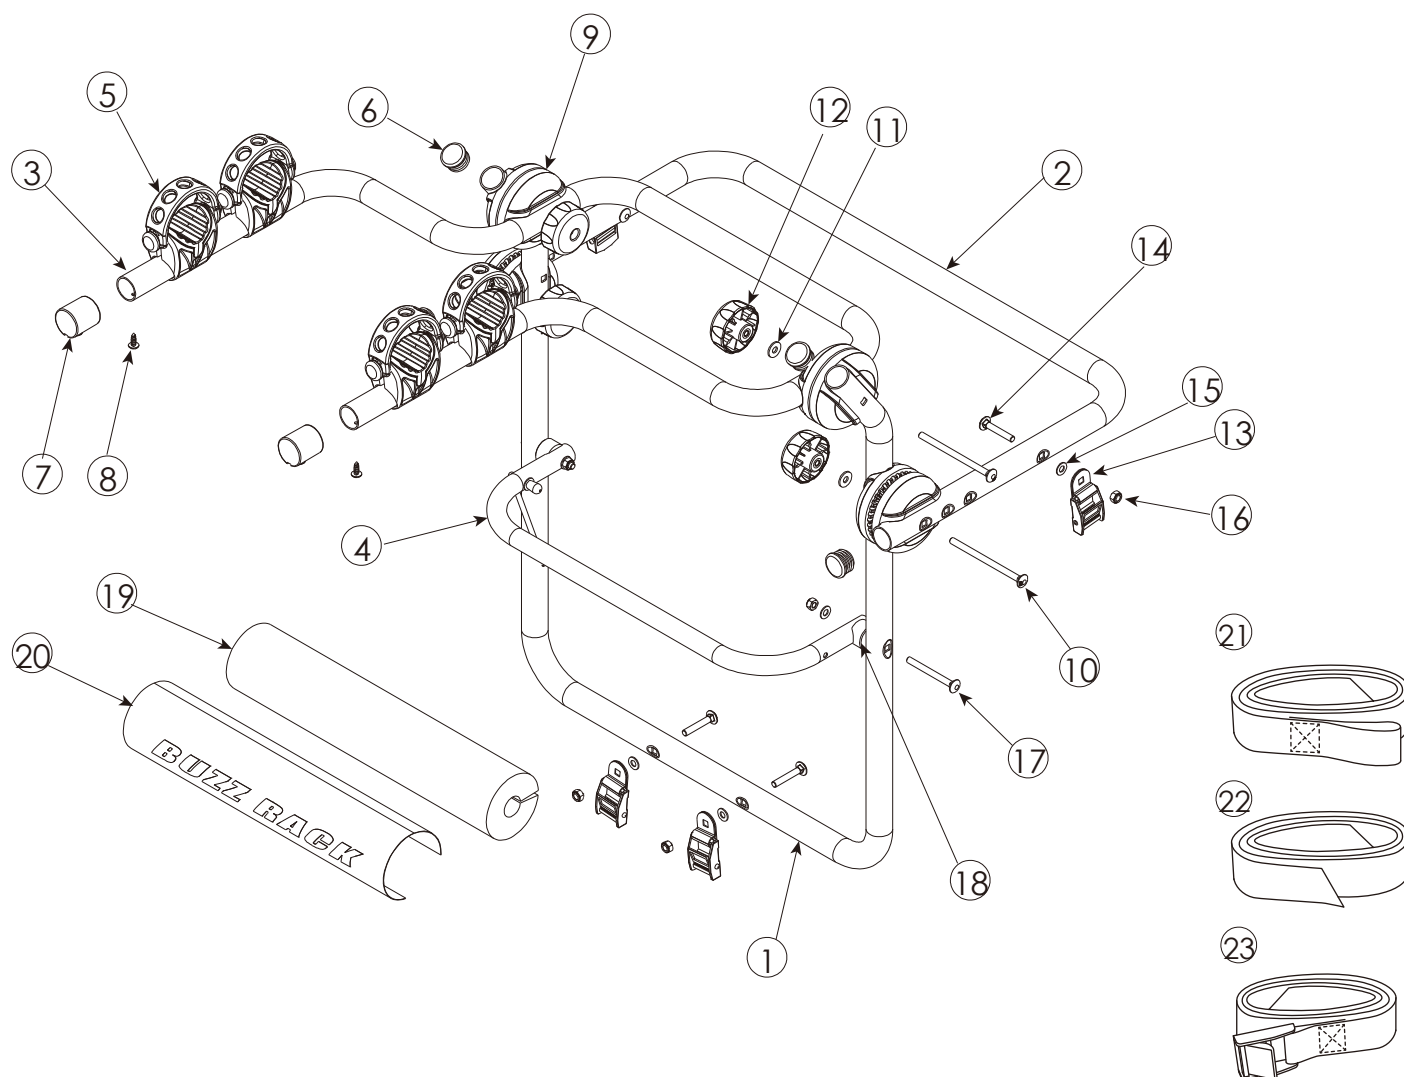

- 6-1**: The main trimmer head housing.
- 6-2**: The trimmer line.
- 6-3**: The trimmer head cap.
- 6-4**: A small pin or screw.
- 6-5**: A small bracket or clip.
- 6-6**: A small bracket or clip.
- 6-7**: A small bracket or clip.
- 6-8**: A small pin or screw.

This diagram illustrates the rear suspension components. The main assembly is the rear shock absorber (5-1), which features a central body with horizontal ribs and two mounting flanges at the ends. Above it is the rear upper control arm (5-2), a curved arm with three circular mounting holes. Below the shock absorber is the rear lower control arm (5-3), a smaller curved arm with two mounting points. Arrows point from the callouts 5-1, 5-2, and 5-3 to their respective parts.
